To

The Chief Secretary,
to the Govt. of H. H. the Maharaja of Mysore,
Mysore,

Sir,

We, the members of the R.A., beg to bring to your kind notice the following grievances & difficulties of ours and pray that you may be pleased to redress them immediately:-

In Marimallappas High School in which we are accommodated we feel the following hinbles:

1. No expanded metals or wire gauge is used to the big windows in all the rooms; so we will be forced to close up the windows & sleep without good air, lest any man may enter the rooms.)
2. The rooms are not at all white washed, washed & kept in good condition. The Cob webs are not cleared. Your personal inspection may prove you the situation well.

3. The Kitchen block & the dining Hall are very small & cannot accommodate the good number of people that are Camping now in the High School.

4. The ~~tap~~ water from the tap near the Kitchen runs straight towards the main building & it is very difficult to walk near the Kitchen & bathroom without our clothes being soiled

We, therefore pray that you may kindly be pleased to examine the building personally & arrange to redress these grievances immediately.

Yours Sincerely.

The Chief Secretary and the Secretary, Repr... tative Assembly inspected this morning the several buildings occupied by members of the Representativ... Assembly and the following were the decisions come...

1 R.A.Home. The coat stands in the bath rooms may be got fixed early. Phenyle should be used more freel... in the building.

2 N.B.Chattram. The Chattram authorities should b... requested to put up a few flush latrines.

3 Marimallappa's High School. (i) Permanent structures should be put up for kitchens and bathing rooms Probably 4 kitchens of 12' x 12' and 6 bathing rooms of 10' x 8' may be enough.

4 (ii) The question of having an independent staircase for the room in the 2nd floor instead of the present on... from the room in the 1st floor may be investigated. Pe... -haps it would be possible to give an independent stair... case by using the existing materials of the present staircase.

5 (iii) For the windows in each room expanded metal - square with ~~wire~~ meshes or wire gauze shutters in frames shoul... be got made and screwed at the time of taking up the building before occupation by members. They should form part of the furniture of R.A. It would perhaps be desirable to get this done by the Special Duty Officer. early.

6 (iv) The rooms in the buildings should be got white-washed before they are occupied.

7 (v) The three urinals in the eastern half of the latrines may be converted into closets (with Hindus... tani closets) and the urinals thus released may be put up near the main building itself so that they may be ... use ofduring nights and rainy days.

With reference to your No.2295 of 24-6-35, and in continuation of this office No.23 of 9-7-35, I have the honour to state as follows:-

There were two wicket gates one in the eastern sideand one in the western compound wall, but due to inconvenience experienced they were closed. The inconveniences were several among which I may mention that the School compound was made a thorough-fare by the passers by.

Further from the disciplinary point of view of the Institution it is highly inadvisable to put afresh wicket gates which were closed as it was felt that owing to proximity of the Maharani's High and Middle Schools which have their main gates opening on the other side of the road to the east of the compound wall as it was necessary to close that wicket gate.

I am therefore strongly of opinion that it is neither desirable nor necessary to have the wicket

Wicket gates.

OFFICE OF THE ASSISTANT ENGINEER,
HEAD QUARTER RANGE.
Mysore, Dated 28:8: 1935.

FROM

THE ASSISTANT ENGINEER,
Head Quarter Range,
MYSORE.

TO

The Registrar, & Special Duty Officer,
General & Revenue Secretariat,
BANGALORE.

SIR,

RE:- Opening Wicket Gates in the Eastern & Western wings in the compound of Marimallappa's High School, Mysore.

With reference to Special Duty Officer's D.O. No.O 426 dated 5-8-35, I have the honour to enclose herewith an estimate with report in duplicate for Rs. 80/- for the above work.

As contained in the above letter and as also suggested by the Director of Public Instruction during his visit here on 11th August 1935, it is proposed to close the openings with wicket gates with locking arrangements, so that the passage may be kept closed during the off season of the Assembly.

The estimate amounting to Rs. 80/- may kindly be countersigned and transmitted to the Superintending Engineer, Mysore Circle, Mysore, ~~for sanction~~ with funds for sanction.

Work can only be taken up after the estimate is sanctioned and the source of funds intimated.

I have the honour to be,
Sir,
Your most obedient servant,

Assistant Engineer, 28/8
Head Quarter Range, Mysore.

Report to accompany the estimate for providing Wicket gates on the Eastern & Western sides of Marimallappa's High School, Mysore.

Ref:- D.O. No. O.426 dated 5-8-35 from the - Special Duty Officer, General & Revenue Secretariat, Bangalore.

The Assembly Members who are accomodated in the Marimallappa's High School have to use the - southern gate only to go to the Assembly meetings. To have a nearer and direct passage, it is proposed to open one on the Eastern side and one on the - western side for convenience.

The estimate provides for 2 wicket gates with R.C.C. Posts. The gates will have locking arrangements to close the passage during off days of the Assembly as desired by the Director of - Public Instruction.

Usual rates are provided and the estimate amounts to Rs. 80/-
